(CALL ONE OF THE #'S TO MAKE SURE WE ARE IN THE BUILDING

The year is going smoothly so far. After school children are working on Easter, decorating cars for slot car race, learning how to be disciples, working on mission projects and gearing up for a huge garden year. A new Bible study for under 40 will begin March 2. They will meet the same time as the adult Bible study on Thursdays, sing and eat lunch with the other group but meet upstairs with a different teacher. The need for this age group has been expressed by several young mothers so we are helping them to learn what God's word has to say about raising children and having a Godly home.

Remember you get more info on the email version so print it off and share with as many people as possible. If you need a copy please contact me. We also will come to your church and share about inner city mission work. We extend to WMU groups a place to come for your meeting and tours. Foods needed for Easter boxes is in email version. **We desperately need about \$900 in sponsorship money to put on the Annie Mae Broyles Walk/Run on June 3. Make checks payable to RVBA with a memo sponsorship for Annie Mae Broyles Walk/Run.** We are taking orders for Ms. Janie's fresh apple cake to help, \$20 with drizzle on top \$25.

BACKYARD GARDENS 2017

The garden season has begun! We actually never stopped from 2016. Gardening year round will be one of our goals for a few of our gardeners. We are growing now radishes, carrots, celery, onions, curly kale, cabbage and collard greens, oh and rosemary herb. This program has grown from 3 small gardens to 10 in 2016. Our goal is 12 in 2017. The Bible talks a lot about gardens and gardening. I can't think of a more peaceful place to share God and the plan of salvation than in a garden. The families last year had a great harvest year, freezing and canning some of their harvest and saving a lot on their grocery bill. The fact that organic growing was practiced also led to healthier eating. Working and teaching the children is so exciting; they are a breath of fresh air with their enthusiasm and excitement to be at the center to learn about food preservation and digging in the dirt to grow that food. You can be a part of this ministry by being a family mentor. It only takes 30 minutes a week from June to September; share a 5 minute devotion, look at garden taking note of any issues gardener may have, report back to me and invite the family to go to church with you. We will provide mentor with all materials and training needed.

Needs for gardens: prayer, bags of brown mulch, bags of garden soil, 12 landscape timbers, money to buy canning supplies and plants, other materials may be needed as gardens are put in action.
